FERNANDO

## **Presentation overview**

- **Introduction**
  - Who we are; what we do; what we are proposing
- **Budget**
  - Prices of certain line items
  - Samples of certain line items

## Who we are

The Community Services Division oversees the department's human services activities and programs. We are responsible for funding the Elderly Nutrition Program and Home-Delivered meal Program plus all other senior related programs and events.

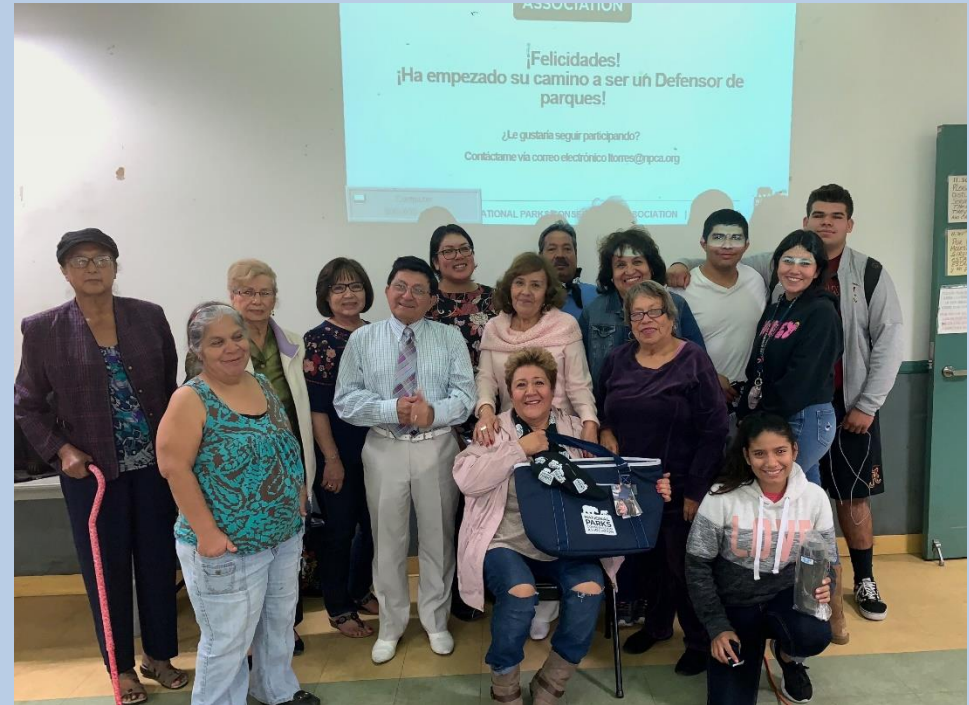

The Division also provides for the administration and supervision of youth programs that include the summer and winter day camp, Teens for a Better Community Leadership Program, the youth volunteer program and the Counselor-In-Training (CIT) program.

Family Hikes, Layne Park Summer events, and art classes are just a few of the programs aimed for families. Staff continues to strengthen and foster innovative partnerships between the private and non-profit community agencies.

From cleanups to tea parties...

...To hikes & National Park advocate workshops...

We strive to promote health, advocacy, and well being!

## Proposal

Have the Learning Center at Las Palmas Park have equipment, supplies, and materials to able to provide workshops for the community relating to education, health, and well being.

This Power Point presentation will only show visuals of how our workshops will improve our workshops and provide a space for the community to have access to technology.

The Learning Center has held many meetings in the past, but can vastly host more workshops the proposed equipment.

Firm and sturdy tables plus new laptops.

Ceiling mounted projector will make presentations flow smoother.

# Thank you for considering our proposal

As we ease back into normalcy, we aim to provide a more modern space to provide workshops and classes. Please refer to the project narrative for more specifics on the programming we plan on producing. Our Learning Center is always open to hosting LAEP and all of our community partners in using the space free of charge.
