

# CALLING ALL DISTRICT, SITE, OR TEACHER LEADERS! 21CSLA HAS FREE 1:1 COACHING JUST FOR YOU!

## 1:1 LEADERSHIP COACHING

25 hours of individualized coaching built on relational trust and focused on equity-centered problems of practice using continuous improvement principles. This offering is open to all leaders in Imperial, San Diego, San Bernadino, Orange, and Riverside Counties.

"My coach knows exactly where to push and pull. When pushing and pulling she doesn't leave me without resources. Each week she has given me something that I have been able to implement at my school site. This is tough, difficult, challenging and at times crushing work. My coach meets me with empathy, while asking me the difficult questions."

**100%** of participants agree, with 91% strongly agreeing, that "my coach pushes me to reflect on my practice, collect evidence, and implement improvement science to continue equity challenges on my campus."

"We love the bite-sized actions our team created during these sessions. Keeping it bite-sized always makes it reasonable to put our learning into practice immediately after these meetings."
